## Ultrasonic Scaler with Motor Pack

*Includes: Detachable Scaler hand piece, Plug-In Micro Motor Hand piece, 1 TFI 3 Insert, 12 Prophy cups & 12 Prophy Paste, 1 Prophy Angle, In-line water filter, quick release valve, 6 year warranty.*

**Item: DE-1N**

*Pictured with optional accessories.*

### Benefits and Features:

- ↪ 6 Year Warranty
- ↪ Small foot print.
- ↪ Unit is self-contained - does not require a separate transformer pack for power.
- ↪ Indestructible foot pedal
- ↪ Detachable hand pieces
- ↪ Made in the USA

### Ultrasonic Tooth Scaler Features:

- ↪ Automatic tuning, recognizes and locks in on each insert.
- ↪ Powerful 25k magnetostrictive frequency.
- ↪ Programmed power control knob provides the optimum energy for all inserts.
- ↪ Exclusive 25% power increase setting for that “extra boost” to remove tough calculus
- ↪ Accepts all Cavitron® style 25k inserts
- ↪ Specialty insert power setting for feline urethral catheters and other specialty inserts.
- ↪ Unique low water pressure warning light.

### Motor Pack Features:

- ↪ Micro Motor has speeds of 3,000 to 22,000 RPMs—allows for a wide RPM range for polishing or drilling.
- ↪ **Polish... Drill... Cutting... Rounding...** Fine surface procedures.
- ↪ Foot switch allows the motor pack and hand pieces to be activated at will while both hands remain free.
- ↪ Precision motor pack hand piece is a sealed unit... it generates no heat and requires no lubrication.
